

EMERALD CONTRACTORS RECEIVES PRESTIGIOUS AWARDS FROM
NATIONAL ASSOCIATION OF THE REMODELING INDUSTRY

Tarpon Springs, Fla. (March, 2010) – It was an evening like no other. Building professionals usually who usually wear hammers as the chosen accessory, were clad in elegant black ties and evening gowns. They were all waiting to hear which firms were selected by the Tampa Bay Chapter of the National Association of the Remodeling Industry (NARI) for outstanding excellence in 2009.

This year, Emerald Contractors' President John Marzulli was thrilled to bring home one of the most prestigious honors of the evening upon receiving the 2009 Hall of Fame award. Each year NARI selects an individual who has unselfishly given their time and talents in service to NARI, the remodeling industry, the community and their clients.

“I am honored and thrilled to have received these awards from NARI, an organization I have such respect for,” comments John Marzulli. “I will look to these awards as further inspiration to produce only the highest quality work at reasonable prices for our clients.”

Each year the Tampa Bay Chapter of the National Association of the Remodeling Industry holds an annual awards banquet to honor the finest industry contractors of 2009. The trophies are a point of pride for the contractors and an extremely helpful guide for homeowners in search of top-notch contracting professionals. NARI is a not-for-profit trade association dedicated to professional conduct, continuing education and training, and fair and ethical treatment of homeowners.

Emerald Contractors is a full service design/build contractor specializing in remodeling, renovations, additions, wheelchair accessible and universal design construction. With over 34 years of contracting experience, owner John Marzulli personally oversees all construction operations of the company.
