

A Night Of Excellence NARI Awards Banquet

This was an evening like no other! We gave up our tool belts & hammers and replaced them with black ties & evening gowns. The annual Tampa Bay Chapter of the National Association of the Remodeling Industry (NARI) awards banquet was a wonderful evening surrounded by peers and friends.

This year, Emerald Contractors' President John Marzulli was thrilled to bring home one of the most prestigious honors -the coveted Hall of Fame Award. Each year NARI selects one firm which has proven to uphold only the highest standards of excellence in building and client service. We are trilled to be among this elite group of professionals.
